Email Address:

Clinical Lead (see definition of role over page)

I am interested in being a Clinical Lead

General Practice

Hospital Services

Please tick the pathway/s you would be interested in:

- Stroke Cellulitis Deep Vein Thrombosis Adult Respiratory Orthopaedic hip/knee
 Falls Atrial Fibrillation Advance Care Planning End of Life Care Chronic Kidney Disease

Member of Collaborative Working Group

I am interested in being a member of a CCP Collaborative Working Group

Please tick the pathway/s you would be interested in:

- Stroke Cellulitis Deep Vein Thrombosis Adult Respiratory Orthopaedic hip/knee
 Falls Atrial Fibrillation Advance Care Planning End of Life Care Chronic Kidney Disease

Please state the discipline/ area you will represent (i.e. general practice, hospital, pharmacy etc.)

Please return your form via email (alaina.glue@wrpho.org.nz) or post your EOI to Alaina Glue at WRHN, PO Box 4260, Whanganui 4501.

We are currently inviting expressions of interest (EOI) from experienced clinicians working in Health related services. This EOI is for the following:

- Collaborative working group representation (between 6 – 8 members)
- Clinical Leads to provide the leadership in the pathway development
 - These are **short term roles** that are anticipated to be for approximately **2 months per pathway**
 - There will be weekly meetings of up to three hours. It is anticipated these will be within business hours (9am -5pm) but can be flexible

Background

As you may be aware, Whanganui Regional Health Network has recently commenced its CCP programme within the district. A Collaborative Clinical Pathways Leadership Team has been set up to implement this initiative and will use Map of Medicine as the pathway development tool.

Each pathway has an Editor and a Facilitator working with the Collaborative Group to develop and publish the pathway. Pathway Collaborative Group size will be limited to 8 members.

The expectation is for each pathway to be developed using rapid cycle principles (12 week turn-around).

Background information on the CCP programme is on the website:

Roles and Responsibilities

Clinical Lead

Minimum knowledge, skills, and abilities required:

- Extensive experience in relevant clinical setting.
- Ability to provide a clear direction including initial actions.
- Skilled in applying knowledge of environment resulting in sound and insightful strategic decisions.
- Comprehensive knowledge of trends in clinical field.
- Demonstrates skill in applying theory and trends to own practice.
- Peers seek advice in relation to clinical skills/practice.
- Practice demonstrates commitment to the provision of a quality service.

Principal duties and responsibilities:

1. Provides active leadership, strategic direction and advice to facilitate the development, implementation and refinement of their collaborative clinical pathway;
2. Provides skilled clinical expertise into the development of drafts and final versions of the clinical pathway;
3. Ultimately responsible for the content of the final pathway;
4. Actively champions and provides professional direction and leadership;
5. Participates collectively and collaboratively with other clinical leaders and experts, to provide a clinical directorship function for the development of the pathway;
6. Ensure clinical risk is identified and appropriately managed;
7. Will actively participate in Collaborative Group meetings and adhere to the project timetable;
8. Will attend all Collaborative Group meetings;
9. Will come prepared to each Collaborative Group meeting

Working Group

Working group members are individuals with a strong knowledge of a particular area of expertise, who also have the ability to understand and respect diverse points of view.

Individual members nominated themselves to participate in the working group:

1. Participate actively in group process to help ensure that progress is made, milestones are set, and the group operates in a fair manner;
2. Regularly attend meetings/sessions;
3. Review meeting minutes and participate in email discussions;
4. Working group members serve as conduits for two-way information exchange with their colleagues and/or peers to keep them informed about the process and the issues under discussion;
5. Accept and complete action items in a timely manner;
6. Share the responsibility of ensuring the success and the quality of the pathway;
7. Help ensure that the core rule of operation (rough consensus) is achieved.
